### DETAILED ACTION

Acknowledgment is made of the receipt of the amendment filed on 6/18/02. Claims 1-6 are currently pending.

#### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Blanford (US 4,679,154).

Blanford teaches a UPC code, having encoded data and which lies on a label 50, which is scanned by a scanner assembly 30 to decode the encoded data. When the encoded data read by the scanner 30 is determined by a microprocessor 82 to be valid, a processor 88 will transmit the data over bus 26 to a back office processor 28 which, using the data as an address, will access a price look-up table 96 for retrieving the price of the merchandise item 52 being scanned. The numerical data representing the price of the item 52 is then displayed to a customer on a display member 68 (col. 4, line 18-col. 4, line 56).

*Response to Arguments*

3. Applicant's arguments with respect to claims 1 and 2 have been considered but are moot in view of the new ground(s) of rejection.

Newly added limitations including “a device for retrieving second information from a storage location identified by the registration information” in claim 1 and “displaying information retrieved from a storage location identified by the decoded embedded data in claim 2 prompted a new search.

*Conclusion*

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
